| <p>Learning Journal – a word processor file</p> <p>Red, amber and green font colours are used so that pupils can self-assess.</p> | <p>Pupils record the date and aim of each lesson. During a lesson they may add screenshots of the current project, write in plenaries and other work associated with the theory aspects of the course. They will set themselves feedforward comments based on marking or verbal feedback, which will be in a different coloured fonts. Teachers will add marking comments, give marks and set targets. This document is only printed on request e.g. for a marking scrutiny.</p> |
| <p>Homework sheets</p> | <p>These are stored in a project folder and will have the teachers marking comments and task marks written on it. Where homework is a Moodle quiz then the pupil will screenshot the result and paste it into the learning journal.</p> |
