

# **EQUIPMENT FOR LEARNING AND HOMEWORK**

A GUIDE TO CLASSROOM  
SUCCESS

# EQUIPMENT NEEDED FOR LESSONS

1. Pens (black or blue)
2. Pencils
3. Pencil sharpener
4. Ruler (at least 15cm )
5. Eraser
6. Calculator
7. Red pen
8. Green pen

If you don't know where to get these items from, some are available in the Maths office and you can buy them there.

# HOW TO DEAL WITH HOMEWORK

1. Always write down your homework in your planner so you don't forget to do it! Remember to write down what subject it is for and when it is due.
2. Never leave it until the last minute. Do it the night you get it if possible.
3. Don't be afraid to ask your teachers for help with your homework – never hand in an empty piece of homework without asking for help first.
4. Never copy someone else's homework – your teachers want to see **YOUR** work!

# GENERAL SCHOOL WORK RULES

1. Always underline your date and title for the lesson with a ruler.
2. Never doodle or draw in your school books
3. Keep your school work neat and tidy – use highlighters to emphasise key points from the lesson.
4. It is always good to take notes. You can use them for revision later.
5. In your school books, write in pen but draw diagrams etc. in pencil.
