*Welcome to the Nelson Thomlinson School!*

*We hope that you will enjoy this 'tale as old as time' as much as we have enjoyed making it.*

*Thanks so much for your support.*

Beauty and the Beast is the tale of Belle, our clever and beautiful heroine, who tires of the constraints of her small French town and the unwelcome attention of the handsome, but boorish, town bully, Gaston. She longs for excitement but little expects it ... until her life is changed irrevocably when she tries to rescue her father, Maurice, from the clutches of a hideous beast.

The Beast, once a handsome but selfish prince, was transformed by an enchantress, to teach him a lesson. He lives in his castle, deep in the woods, attended by his faithful staff — themselves under the spell which is gradually turning them all into household objects. And so they will remain, unless the Beast can win true love before the last petal falls from a magical rose.

The stakes are high and time is running out...

So, when Belle agrees to stay with the beast in exchange for her father's freedom, the Beast, with the support of his funny and endearing staff, must learn to love her and, in his turn, become worthy of her love, in order to lift the spell. His bumbling attempts seem unlikely to succeed.... Will he win her heart, lift the spell and allow them all to live happily ever after?

You'll have to wait and see...
